QUALITY POLICY STATEMENT

“ACME CONTAINERS LIMITED is committed to manufacture injection moulded plastic products that meet customers’ requirements on time and at agreed quantity by understanding the needs and expectations of the interested parties and fulfilling them as the only way to ensure company’s future prosperity”.

This shall only be achieved through support of both management and subordinates.

To achieve this we undertake to;

- Make timely deliveries ensuring quality and quantity requirements are met.
- Encourage all process owners to provide ideas for improving products, Processes, systems, productivity, and the work environment by setting objectives that are directed to ACME’S strategic direction.
- Continually improve in all areas by following ISO 9001: 2015 Standard Requirements and Good Manufacturing Practices.
- Strategize so that we do not concentrate on beating the competitor, but to create value for the customer.
